The Asian Studies Minor provides students with opportunities to study the languages and cultures of Asia and the Pacific Rim through a unique interdisciplinary curriculum drawn from courses in the colleges of Arts and Letters, Business and Public Administration, Education, Social and Behavioral Sciences, and Natural Sciences. The program adds a solid international component to any major and provides physical and virtual resources for students interested in this area of the world. The Asian Studies Minor will make its graduates more marketable since they will become more knowledgeable and productive members of today's global community.

Chicano(a)/Latino(a) Studies  
College of Social and Behavioral Sciences  
(909) 537-7314, SB-441  
<http://faculty.csusb.edu/ethnic/index.html>

Coordinator: Dr. Marcia Marx

Chicano(a)/Latino(a) Studies provides an interdisciplinary curriculum and is designed to provide an awareness, knowledge, and appreciation of the Chicano(a)/Latino(a) experience. The minor addresses issues of language, history, culture, politics, economics, education, immigration and the creative expression of the Chicano(a)/Latino(a) presence in the United States. This new minor will greatly enrich any student's undergraduate degree. Its goal is to extend knowledge relevant to this growing ethnic group by examining its experiences in a social context and its interdependence with other populations by addressing interracial, intercultural, and international understanding. This new

minor provides students with an essential understanding of the Chicano(a)/Latino(a) culture and will enable them to succeed in a diverse society. The mirror is housed in the Ethnic Studies Program, which also has a new concentration in Chicano(a)/Latino(a) Studies. For more information, please call Marcia Marx (Ethnic Studies Coordinator, Professor Marcia Marx at 909-537-7314 or call the Dean's office in the College of Social and Behavioral Sciences at 909-537-7500.

Liberal Studies: General Track with a concentration in Chicano(a) Studies

The Bachelor of Arts in Liberal Studies is a multidisciplinary degree program designed for students whose needs or interests require a more broadly based liberal arts curriculum than is possible through existing disciplines. It is also intended to prepare students to teach in the elementary classroom, though the program is open to everyone. The Chicano(a) Studies Concentration will help broaden students' understanding of, and deepen their sensitivity to, the ever-increasing diversity of the region, and, in turn, prepare future teachers to reach out to their own students in meaningful ways. For more information, please call Professor Jerrold Pritchard (Liberal Studies Coordinator) at 909 537-5857 or call the Dean's office in the College of Arts and Letters at 909-537-5800.

Community-University Partnerships (CUP) and Service Learning  
(909) 537-5793, Temporary Offices 43  
<http://partnerships.csusb.edu>

Director: Dr. Diane Podolske

The CUP and Service Learning office promotes partnerships among students, faculty, staff and community members to improve the quality of life in our communities. One of the strategies used to achieve an improved community is *service learning*. Service learning combines academic learning objectives with meaningful work in the community. Students participating in service learning provide direct service to nonprofit and public organizations as a part of their requirements for academic credit, while faculty help them understand the connection between the tasks they perform and the academic course work. For example, health science students conduct health fairs and test homes for environmental hazards, sociology students help troubled teens to learn life skills, biology students supplement public schools with science demonstrations, etc. Students benefit from service learning courses through:

- hands-on use of skills and knowledge from a course
- interaction with people of diverse cultures and lifestyles

# INTERDISCIPLINARY PROGRAMS AND SERVICE LEARNING

- leadership development opportunities
- gaining valuable career experience
